1 INTRODUCTION

This document describes 7 full and half day presentations of the state of the art Semantic Web Services concepts (WSMO, OWL-S) and implementations (WSMX, IRS-III, WSMO Studio and the DIP Ontology Mapping Tool) including hands-on sessions. These tutorials were held at the following international venues:

HICSS-39 - 4th January, 2006

ICIW 2006 - 19th February 2006

SUPER Kick-Off - 3rd – 5th April 2006

OASIS Symposium - 9th – 12th May 2006

SSSW 2006 - 9th – 15th July 2006

AAAI 2006 - 16th – 20th July 2006

ASWC 2006 - 3rd – 7th September 2006

The tutorials were aimed, depending on the venue, at newcomers to the field as well as experts. Information about the tutorials as well as the accompanying slides can be obtained from the following public URL:

<http://kmi.open.ac.uk/projects/dip/events.html>

The following sections describe the characteristics of the tutorials in event chronological order, and provide pointers to resources when available.

2 HAWAII INTERNATIONAL CONFERENCE ON SYSTEM SCIENCES (HICSS-39, KAUAI, HAWAII) - 4TH JANUARY 2006

Further information about the hosting event can be found at <http://www.hicss.hawaii.edu/>

This full day tutorial introduced the main aspects related to Semantic Web Services as described by WSMO, before presenting and demonstrating the reference implementations, IRS and WSMX.
